

Careers opportunity – Gloucestershire Royal Hospital

June 7th 2019 - Please see below an opportunity at Gloucestershire Royal Hospital for students interested in pursuing a career in dietetics. Students who would like to attend should email Mandy Siney at:

gghn-tr.ghtworkexperience@nhs.net

As mentioned below, places are limited and offered on a first come, first served basis.

As you aware our Trust is changing the way we manage work experience and host students on placement. Rather than placing students in the clinical area we are now holding specific work experience workshops. **Students are eligible if they are in year 11 and above, and who live or study within the Gloucestershire area.**

We are running a **Dietetics Taster Day in October 2019 at Redwood Education Centre, Gloucestershire Royal Hospital**. The Taster day includes a theory and practical session and a talk about the role of a Dietician and entry requirements for University etc. In the afternoon students will have the opportunity to shadow a Dietician in clinic or on the ward.

<https://www.bda.uk.com/improvinghealth/yourhealth/dietitians>

If you have a student who is interested in becoming a Dietician, then please ask them to email me explaining why they would like to attend this work experience opportunity and if they are successful I will send them the details of the day and documents that will need to be completed.

Please note; we only have limited places available on this workshop and these will be allocated on a first come first serve basis.

I look forward to hearing from you,

Kind regards

Mandy
